

## TEAM-18

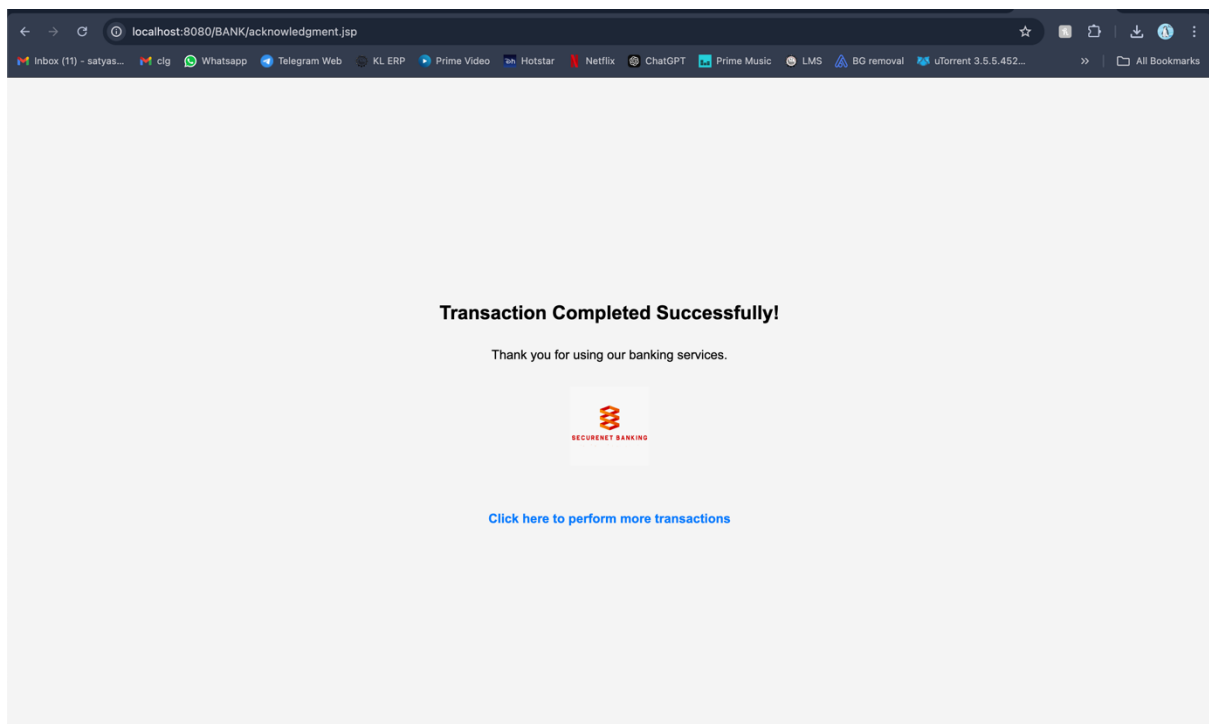

### OUTPUT-

- 1) HTML page to enter the details .

The screenshot displays a web browser window with the address bar showing 'localhost:8080/BANK/index.html'. The browser's bookmark bar contains various links including 'Inbox (11) - satyas...', 'clg', 'Whatsapp', 'Telegram Web', 'KL ERP', 'Prime Video', 'Hotstar', 'Netflix', 'ChatGPT', 'Prime Music', 'LMS', 'BG removal', and 'uTorrent 3.5.5.462...'. The main content area features a white card titled 'Bank Transaction Form'. Inside the card, there are three input fields: 'Account Number' with the value '12', 'Transaction Type' with a dropdown menu showing 'Deposit', and 'Amount' with the value '1234'. A green 'Submit' button is located at the bottom of the form.

- 2) Acknowledgment page.

3) Data stored in the database.
